For children with special needs and disabilities and their siblings

This newsletter is running until Mid-May. Booking's day is **Tuesday 29th March**. For those new to LUP this is just a request for places, Claire will get back to you with your allocation.

bookings@lupwolverhampton.org.uk

There are a couple of housekeeping things I need to mention. LUP applied for and was awarded a 4* food hygiene rating. This is to provide you with reassurance when we are cooking or feeding the children that we are doing so in an appropriate way. We are going to work towards 5*, but need to make a few changes before we get there. One thing we must do is amend the way we record and deliver around food allergens. I know not everybody in the past has seen this being necessary to mention on their membership form. Can I ask that you email Claire (claire@lupwolverhampton.org.uk) if you feel that your child has an allergy from any food type even if it's only a suspicion and we haven't previously been give details of it in writing. If the allergy is serious then you must give us protocols to follow in the event of a reaction.

We have now lifted almost all our Covid protocols. We will continue to test staff and ask that you don't send children to our sessions with any kind of viral illness. However you can now car share again etc. Please continue to send Children in clean appropriate clothing, you can store coats at the office and they can bring bags.

Can I remind you to let us know when they are unwell or if your plans change and you need to cancel a session. Almost every session has a waiting list and it's such a waste when somebody simply doesn't turn up. This is magnified even more when they are 1 : 1.

The Holiday Activities and food program. (HAF)

Just as Compass has come to a end we have HAF which is now dividing opinions. Let us Play are focused on delivering activities which are free at the point of delivery for all. We also understand almost all the many problems that come with having a disabled child. We are all going to feel a big pinch in the months to come as prices rise on almost everything we buy or use. Claire and I understand how hard it can be sometimes to meet all these costs and make money last until the next payment hits the bank. Because of this we really wanted to belong to Wolverhamptons HAF program. If you have free school meals and have not made this clear to Claire, can you please do so. We need to collect those bar codes. At sessions which have a financial contribution from HAF there will always be nutritious food. Sometimes this will be hot or supplied by a restaurant or packed lunch if we are out and about. This food will however be given to every child present who wants it, not just to those who qualify. LUP will need to absorb the cost implications of that so the more barcodes we can collect the happier we will be. HAF only runs in the main school breaks, so will be running at Easter.

The Parents Group

The parents group is open to one person from any family who is a member of Let Us Play. The funding for it and our ethos is very much about friendships with others who understand. You certainly don't have to be talented to attend the craft activities, and you must never be worried about attending by yourself. It's a big friendly bunch.

Wednesday 27th April 2022

Follow by buffet lunch. Please feel free to arrive anytime from 10am onwards. LUP office 7 Shaw Park Business Estate

Wednesday 11th May 2022

21 Locks Walk

Okay it's not Venice but... We suggest parking on Faulkland Street car park (that's the one where in the past we have met the coach) Let's say 10am at Faulkland street, or 10:10am at Broad Street Basin. The walk is 1.75 miles mostly flat with a bit of incline. Looking at much of Wolverhampton's industrial past. We will get off at Aldersley and stop for coffee and cake at the leisure centre. Then catch the bus back to the town center. The walk is okay for dogs, but dogs can't go into Aldersley Leisure center.

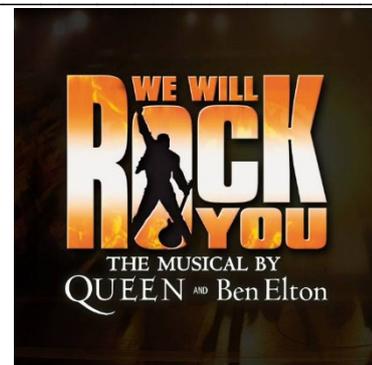

Wednesday 25th May 2022

Empire biscuits originally originated in Germany where they were called German Biscuits, but after the first world war they got renamed to Empire Biscuits. Stuck together with strawberry jam very sweet and yummy.

Monday night cycling is finally running normally. It is 6 – 7 pm in Hall D at Aldersley. Just tell Claire if you would like to give it a go. Our cycling is most suitable for those with higher levels of need and no 2 wheeled cycling is allowed. You can bring your own trike if you have one and can get it there. Can I also ask that you make sure Claire knows if you are attending. Paul & Natalie don't have access to all the contact information stored in the systems in the office, as parents never leave

their child they don't need to. However recently we had issues when Aldersley closed at short notice that we didn't have a definitive list of who was booked on as some families had turned up without Claire knowing. If we don't know you're going we can't tell you if something changes.

REMINDER CYCLING DOESN'T RUN IN SCHOOL HOLIDAYS

We really wanted to host a Diamond Jubilee Party. However, we have found it just about impossible to hire a large enough venue where the caretakers are prepared to open up during the extra long bank holiday we have this year.

If anybody has access to a suitable venue with secure outside space please give Kim a call.

Just a quick final word about parking at The LUP Building in Shaw Park. It really annoys our neighbors when you use their parking spaces. On a Saturday its fine as they mostly aren't here but during the week we get grumped at. The parking on the kerbs is fine, as is the parking at the side of the fence. It just the parking on the block paved areas.

Every month somebody makes an anonymous donation to LUP via The Charities Trust portal. It costs £18.95 to see who made the donation so we never pay the fee. Thank You whoever you are and if you want too then please make yourself known to us.
